HYPR Affirm: Workforce Identity Verification Audit

Secure Your Workforce with a Comprehensive, Rapid-Assessment Identity Verification Audit

In a world where cyber threats reinvent themselves overnight, your team's true identities are the ultimate frontline. Say hello to HYPR Affirm's one-and-done Identity Verification Audit; a precision-engineered spotlight on your workforce that cuts through the noise. Need proof for a high-stakes project, a routine security health check, or the compliance checkmark? We've got you. Fast, secure, jargon-free, and packed with real-time insights. This is identity assurance, minus the headache.

Why HYPR Affirm for Your Annual Audit Needs?

- **Proven Identity Verification Expertise:** HYPR Affirm leverages a deep understanding of identity challenges and proven methodologies to combat sophisticated cyberthreats. Our solutions are trusted by large, complex organizations, including 2 of the 4 largest US banks, and organizations of all sizes and sectors globally.
- **Leaders in Identity Assurance:** As experts in identity assurance, we ensure users are who they claim to be throughout the identity lifecycle. HYPR Affirm exemplifies this with its thorough and configurable verification approach.
- **Dedicated to Customer Success:** HYPR is recognized for outstanding customer success and support. We partner with clients for seamless deployment and ongoing achievement of security objectives, integrating with your existing solutions.

Key Benefits of a HYPR Affirm Audit:

- **Comprehensive Verification:** Employs multi-factor identity verification techniques to ensure high levels of assurance.
- **Targeted Deployment:** Easily deployable for a predefined number of users (e.g., 500 affirms for 500 employees).
- **Streamlined Process:** Automates and simplifies the verification process, reducing manual effort and improving efficiency.
- **Actionable Insights:** Delivers clear results and an audit trail for compliance and internal review.
- **Enhanced Security Posture:** Mitigates risks associated with identity fraud and ensures that your workforce is who they claim to be.
- **Meet Compliance Needs:** Helps organizations meet stringent compliance requirements and Know Your Employee (KYE) controls.

How an Affirm One-Time Audit Works:

HYPR Affirm's one-time audit utilizes a configurable flow that can include:

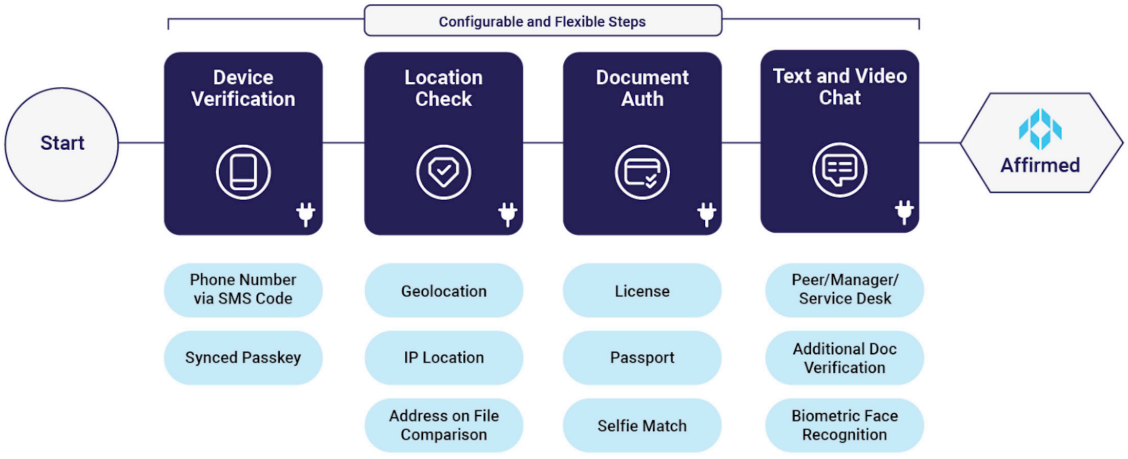
1. **Initiation:** Employees are prompted to begin the verification process.

2. **Multi-Factor Verification:** Users may go through steps such as:
   - **Document Verification:** Verifying official documents like licenses or passports with advanced forgery detection and database lookup.
   - **Facial Recognition:** Utilizing cutting-edge technology with liveness detection to match the individual to their provided document.
   - **Device Verification:** Confirming the device used for verification.
   - **Location Checks:** Comparing geolocation against expected locations where appropriate and permissible.

3. **Optional Text and Video Chat:** For step-up verification or to address exceptions, secure chat and live video interaction can be employed.

4. **Verification Decision & Reporting:** Upon completion, a verification status is determined, and results are compiled for organizational review.

HYPR Affirm User Flow



About HYPR

HYPR, the leader in passwordless identity assurance, delivers comprehensive identity security by unifying phishing-resistant passwordless authentication, adaptive risk mitigation, and automated identity verification.

Trusted by top organizations including two of the four largest US banks, HYPR ensures secure and seamless user experiences and protects complex environments globally.

Secure Your Organization with Confidence
